Asialaw Profiles 2019

Shearn Delamore & Co. is again highly recognised by the *Asialaw Profiles*.

As the legal market becomes ever more sophisticated and clients are increasingly requiring and valuing industry expertise and know-how, Asialaw Profiles has introduced additional industry sector ranking categories to better inform the market.

The new categories recognise a firm or lawyer’s expertise in a sector not a particularly area of practice and are designed to guide buyers of legal services who need commercial industry knowledge that goes beyond the traditional legal practice area definitions.

To accommodate this change, you will see that Asialaw Profiles have divided out ranking categories into two groups, with traditional legal practice area rankings and industry sector tables.
