

## Member Firms

The World Law Group is a network of independent law firms located in most of the world's major commercial cities. Each World Law Group member firm has been selected for its excellent business reputation, its depth of commitment to international practice, and its ability to assist other member firms in their international dealings.

This directory of World Law Group members is updated in real-time, as new or updated information is provided by our member firms.

The first office, for which full contact information is provided, is the primary contact office for that member firm for World Law Group purposes, and may be, but is not necessarily, the main office of that firm. Where provided by members, addresses of, and in some cases, contact attorneys at, branch or associate offices are listed under the firm's main listing.

The individual attorney names listed for each firm, or office, are the primary contact individuals for that firm or office as designated by that firm. These individuals will route inquiries to the proper individuals within each firm.

General inquiries regarding the World Law Group should be addressed to:
