

Sorainen is an international business law firm that handles many significant mandates for global and regional clients. With a large Baltic-wide team of business-minded partners, lawyers, and tax specialists, Sorainen has the resources to support clients on all legal issues. The firm's core purpose is to grow prosperity in the region by helping clients succeed in business.

We believe that the main value in legal practice is people: our clients and our team. We carefully select employees and feel proud of having many students at the leading legal universities dreaming of becoming members of Sorainen. We bring together professionals, both legal and business services staff, educated and trained in Europe and the US.

At Sorainen, we are committed to making the world a better place and supporting initiatives we believe in. Our sustainability strategy is built on three pillars: doing good with our legal work, supporting charities and living right.
