

We are an international business law firm working as one integrated team for a single goal – helping clients succeed in business.

With 44 partners and more than 250 lawyers and tax specialists, we have the resources to support our clients on all business law and tax issues involving our region. Founded in 1995, the firm has worked on many significant mandates for international and local clients.

Sorainen’s offices operate together as a single ecosystem under a single ISO 9001-certified quality management system. We use cutting-edge technology to share our experience and know-how between our offices, teams and sector groups. When our lawyers are confronted with an issue they can immediately draw on the vast experience Sorainen holds across all our jurisdictions, meaning they don’t have to spend so much time on research and can focus more on creating legal solutions that are just right for the client’s needs.

We believe that in legal practice the main value is people: our clients and our team. We carefully select employees and feel proud of having many students at the leading legal universities dreaming of becoming a member of Sorainen. We bring together the professionals, both legal and business services staff, educated and trained in Europe and the US.

At Sorainen, we are committed to making the world a better place and supporting initiatives that we believe in. Our sustainability strategy is built on three pillars: doing good with our legal work, supporting charities and living right.
