

WLG Website Tips

Creating an Account

Did you know anyone in your firm can create a members-only profile on the WLG website? By creating a profile, you gain access to members-only content including:

- event information, registration, and a **My Events** portal to view upcoming and previous events, including payment history where applicable;
- an upgraded **Dashboard** that gives you a snapshot of activity related to your preferences;
- all locked resources on the **Knowledge Center**;
- **Discussion Boards** where all members of a group, committee, or forum can exchange information, send inquiries, and communicate with each other; and
- a new searchable **Lawyer & Professional Directory**.

1. Navigate to theworldlawgroup.com
2. Click **'Sign up/Log in'**
3. In the **'Not a Registered User Yet?'** section, enter the requested information and click **'Submit'**.
4. Check your firm-provided email Inbox for the **WLG Activate Your Account** email and click the link to activate your account.
5. You will receive a welcome email with additional information about World Law Group and how to get involved.
6. Log in to your account and add your profile information by clicking **Edit Profile** on your Dashboard or hovering over your name in the top right corner of your screen and choosing **Edit Profile** from the dropdown; select your preferences for groups, forums, and communications; and you're done!
