## SUSTAINABILITY IN ACTION

### FUTURE ACTIONS

#### INFOGRAPHICS

- Infographic with 5 actions to consider in the workplace and home: energy saving, waste reduction, recycling and reuse, water conservation, and plastic reduction.
- Awareness infographic with hard data on the current environmental situation.

#### RELEASES

Email communication detailing one by one the actions to be carried out during the 2 weeks of the campaign.

#### WASTE REDUCTION

As of June 5

Disposable water bottles will no longer be offered in meeting rooms, they will be replaced with glass jugs and glasses.

#### ENERGY SAVING

As of June 5

Signage on light switches and reminder on meeting room screens to switch off lights.

#### REFOOREST

Promote firmwide the use of this browser extension, which plants a tree with each search.

#### ELECTRONIC RECYCLING

Integral campaign to raise awareness about electronic waste and its correct disposal. Placement of special batteries' disposal containers.

#### SIGNATURE

Logo intervention with a sustainable message during the 2 week of the campaign.
