**VILAF wins “Best Overall Firm” for Vietnam
in Asialaw Client Service Excellence 2020**

VILAF has been selected as **Best Overall Firm** in the **2020 Asialaw Client Service Excellence** ratings report.

The ratings report is rendered from a research by Asialaw in which buyers of legal services in the region are surveyed and asked to assess and rate law firms for their consistent and high quality of services in a rating from 1 (poor) to 7 (excellent). Firms and lawyers are rated based on achieving the highest overall aggregate score across key attributes such as client management, knowledge, firm setup, communication and fees and billing.

Asialaw has also released its law firm rankings and VILAF continues to be ranked as one of only the two law firms in the first tier across all major practice areas including Banking and Finance, Capital Markets, Construction, Corporate/M&A, and Dispute Resolution, as well as major industry sectors including Banking and Financial Services, Energy, Infrastructure, and Real Estate. VILAF is particularly ranked as an “*Outstanding Law Firm*” in Banking and Finance, Capital Markets, Corporate/ M&A, Dispute Resolution and Construction.

Asialaw quotes clients’ remarks about VILAF:

“Very knowledgeable, innovative and problem solving.”

“VILAF team demonstrated that they focus on providing quality and relevant legal advice since the proposal stage. They spent time talking to us to understand the circumstances before putting up the proposal. They also tailored their proposed services to meet the client’s needs. During the engagement, VILAF team provided very practical advice. They looked at matters not only from legal perspectives but also considered commercial and business aspects. VILAF definitely stood out compared to other law firms. They will always be on the top list we recommend to our clients.”
